- **Why a Living Trust?** Why not just a will? It really depends on what you want for yourself and for your family. How much protection do you want, or need?
- **What about probate?** A Living Trust is a great way to avoid probate, but is probate something you really want to avoid? Do you know what probate actually is, and what it does? If not, you need to know, so you can make up your own mind.
- **Are death taxes avoidable?** For the vast majority the answer is "absolutely".
- **What about protecting your assets from the nursing home?** Medicare pays only a tiny part, and not always. You pay the rest. Or not. Mr. Howell coauthored the Mississippi edition of *How to Protect Your Family's Assets from Devastating Nursing Home Costs*. He will be discussing these issues at the Natchez Seminars.

- **Free Living Trust and Asset Protection Seminar.** Get accurate information (knowledge) regarding effective planning. Join us at one of these free and very entertaining Seminars. Nothing is being sold, just a lot of knowledge being given, and it's yours absolutely **FREE** and with **no obligation on your part whatsoever**.
